Soldiers' Entertained.

Say folks, did you ever say "I had the best time of my life" and say it about an old fashioned town reunion and dinner in Hondo?

Last Thursday evening one of the largest crowds that has been seen around here in some time gathered at the Airdome to do honor to our returned soldiers and sailors. Nearly every family was represented and, as for our fighting forces, when they marched in to do justice to the dinner, they looked like a young army. Mrs. Haralson turned the airdome over to the city and a more delightful spot could not have been found. She also ran a two-reel comedy to the especial delight of the "kiddies."

The ladies of the town got together and planned the affair and, in the shortest time imaginable, donations of fine food and generous contributions were flowing in from all sides. Every one seemed willing and eager to contribute. Mr. Fritz Muennink had the six fine goats which had been donated barbecued to a turn. Everyone else was equally generous, and the long tables, decorated in ferns and flowers, were weighted down with good things. The tables were placed in the parking space and entrance and the men returned from service were first served. Mr. Gaines brought one of his New Edison Phonographs which was played throughout the evening. After "the boys" were served they gathered around the piano and sang "America" and popular airs as a prelude to the program.

Judge Brucks, as master of ceremonies, gave a welcome address to the boys in which he did full justice to their service. Clyde Holloway responded and touched on the people at home, who backed the army up so well, and the ladies whose services through the war were so invaluable.

Miss Isabelle Henderson sang the soldier version of "The End of a Perfect Day," accompanied by Miss Lillian Brucks.

Miss Eva Long rendered Paderewski's "Fantaisie Impromptu" on the piano, followed by a vocal solo by Miss Corine Ney, accompanied by Miss Brucks.

Miss Irene Saathoff gave a violin number, accompanied by Mr. M. Muennink, then Judge Noonan gave a most timely and appropriate address to our boys. He spoke to them rather as citizens than fighters and in a few words emphasized the importance of their assuming their duties as citizens and standing by the government. He begged them to keep abreast of the times and to throw their energy and influence into service for the good of the government—taking more interest in the government.

Mrs. Horace Bradley sang "Bobolink," accompanied by Miss Nell Wilson.

Miss Lillian Bruck's piano solo, Paderewski's "Polish Dance," concluded the formal program. The picture show followed.

Mrs. Frank Schweers contributed an angel-food cake which was won by George Carle when the lucky number was drawn.

CONTRIBUTED.

Ice Cream Social.

There will be an ice cream social on Thursday night, September the fourth, on John Koch's lawn, given by the Young Ladies' Sodality of the Catholic Church. Cream and cake will be served for the small price of twenty cents. Everyone is invited to come out and help the young ladies.

Has Beens 6; Regulars 7.

The "Has Beens" are in the scrap heap. One cannot help feeling a few pang of regret at their passing as but a few short years ago they were the pride of Hondo. But Old Father Time has placed his hand heavily upon them and brought to them the realization that their place at base ball games is on the bleachers and not on the diamond. They struggled hard to "come back" but all in vain. Age was against them and the score tells the tale—6 to 7 in favor of the Regulars—the youngsters.

Batteries—Has Beens, G. Carle and Merritt; Regulars, "Pete" Beal and S. Fly.

WANTED—To buy, a good all round buggy horse; not too old. X. Wantz. 5

Mr. E. W. Lacy says the Anvil Herald was in error last week in stating that the previous record flood in the Hondo occurred in 1834. He says the flood occurred in August, 1839, and that the high water stage last week was about the same as the other great flood. As the other great flood antedated the birth of the Anvil Herald by several years, and as Mr. Lacy was living on the Hondo at that date, he is authority for happenings in this section at that early date. However, in the 1880's there were no steel bridges spanning the Hondo; in those days one desiring to cross the stream hunted up a cow trail and followed it over. All things considered, Medina county escaped rather lightly in the flood last week. The Weber bridge was the only one completely destroyed. The Biry bridge, while somewhat injured, was saved from destruction by the hard work of the men living in the vicinity, who are due the thanks of every man in the county. Some of our people having farms near the overflowed stream suffered rather severely from having their crops under water, but taken altogether we escaped rather luckily.

The first bale of the 1919 cotton crop was brought in Monday by Dom. Riff of the New Fountain section. The cotton was ginned by the Hondo Gin and Milling Co., classed middling and a bid of 31c. was refused by Mr. Riff and the bale taken off the market. The first bale of the 1918 crop was marketed on July 24th, thirty-two days earlier than the first bale this year. The first bale last year was sold for 27c. per pound. Owing to the rain and dense foliage cotton is opening very slowly this season.

Wallace Heath, son Mr. and Mrs. L. E. Heath, is in a San Antonio hospital, recovering from an operation. Last Tuesday the surgeons removed his tonsils, which have been bothering him for some time. He came from under the operation in good shape and is rapidly regaining his normal health.

Tom J. Neumann reports to home folks that he left Andernach, Germany, August 9th, arrived at Brest on the 11th and embarked for America on 13th. He arrived at Camp Merritt, N. J., the 22nd and started for Camp Shelby, Mississippi, the 25th. He expects to be home soon.

Lieutenant Joe Rogers, who arrived here the first part of last week from Germany and France, was granted a 30 days furlough. After enjoying home comforts with his family several days he left for a visit to Marfa.

Have you seen Fly & Mercer's pretty new display counter for School supplies? It is so convenient and all you have to do is to pick 'em out and they are ready to wrap them up and say "thank you."

The rains of Tuesday and Wednesday again put a stop to the operations of the threshers. It is a rather a novel experience for farmers of Western Texas to lose crops from excessive rains but that has been the result this year.

Capt. L. W. Scheidtmantel, of the Eng. Reserve Corp, who recently returned from France, visited relatives here Wednesday. He left Thursday for Washington D. C. and from there he will go to rejoin his company at Camp Dix.

County Superintendent Saathoff has issued a circular letter to the teachers of rural and independent districts calling upon them to meet with the joint institute scheduled to meet in San Antonio September 8th, and to continue in session for five days. It would be a pretty safe bet that they will all be there.

Quite an excitement prevailed for a while in the vicinity of the Hondo Mercantile Co. Thursday night. Uncle Dave Allen's attention was attracted to the action of the electric light, which would come on and go off, and suspicion was aroused that a burglar was attempting to hoard merchandise. Soon a martial force approached both front and rear, cutting off any possible retreat of the supposed burglar. The doors were opened and a score of men, trying to look brave behind every conceivable brand of weapon from a blunderbuss to a machine gun, thoroughly searched every nook and cranny of the huge establishment but the suspected burglar absolutely refused to show up and be shot. Although search convinced the valiant bunch that no one was in the store and they made their exit and again sought their couches. Fritz Muennink, after a thorough investigation Friday morning, stated that about all he could find that he had been robbed of was about two hours of good sleep. Only an electrician can explain the antics of the electric light.

If you ever intend to take stock in the Medina Oil Development Co. you had better get busy. Conditions are rapidly developing and some of these fine mornings in the very near future active prospecting will be begun. Two wells, to be located by experienced geologists, will be drilled. Geologists who have surveyed the holdings of the Medina Oil Development Co. have pronounced them of the very best and assert their belief in a great oil pool underlying the Company's holdings. As we have already said, if you ever intend to take stock, now is the accepted time.

While the trustees of the Hondo Public Schools have not, as yet, set a definite date for the opening day of the fall term, the 15th of September will probably be designated. There is still one vacancy in the teaching staff, that of principal, the young man recently elected to that position having resigned. We are not advised as to whether or not the board has any one in view for the vacant position.

Colonel Leonard, Lieutenant-Colonel Tilton and First Lieutenant Brown, who has been stationed here for the past couple of weeks on recruiting service, paid this office a pleasant call Friday afternoon. Col. Leonard is a reformed newspaper man, and says at one time in life he could be depended upon for his 6,000 ems per day. They are a trio of pleasant gentlemen and their brief visit was much enjoyed.

Judge H. E. Haass, secretary of the Hondo Farm Loan Association forwarded a check to the Federal Farm Bank at Houston Thursday for \$8,512.60 in payment of semi-annual interest on loans made in this county. But one of the large number of borrowers in this county defaulted in his interest payment.

AFRAID TO DRIVE TEAM TO TOWN.

Farmer's Nerves Were Shattered—
Had Lost Forty Pounds—Tanlac Restores Health.

"I never expected to be the strong, well man I am today and my neighbors think my recovery is the most astonishing thing that has ever happened in this part of the country," said Hiram Robinson, a well known farmer, R. F. D. 3, Randolph, Illinois, in relating his remarkable experience with Tanlac recently.

"I used to think no medicine could help me," he continued. "But I've got to hand it to Tanlac, as it has not only relieved me entirely of all my suffering, but has added nearly forty pounds to my weight besides. For eleven years I was hardly able to be up, much less work, and when I ventured to eat anything except broth and the very lightest of food I would put in a day of the worst misery imaginable. If I ate a piece of pie, or cake, or a little fruit gas would form on my stomach and bring on such awful cramping pains that I could hardly stand it. This gas would press on my heart, nearly cutting off my breath, and cause such a dizzy, whirling sensation in my head that I thought I would go distracted. I dropped down all of forty pounds in weight and got so weak that I could hardly walk. At the time I got Tanlac I had not been able to do my work for a year, I was not only an absolute wreck physically, but my nerves were in such a shape that I couldn't lie still at night and during the day I was just like a fish out of water. I was habitually constipated and had such a hurting in my head just back of my eyes that I couldn't read at all. I was so nervous, weak and dizzy that I was actually afraid to drive a team to town and had taken so many different medicines without getting any better that I had given up in utter despair.

"But, one day I was persuaded by my wife to get a bottle of Tanlac and right there is where my recovery started. If I should sit down here and talk or write for a solid week I could not tell how thankful I am for getting out of my misery to where I can enjoy living again. I now eat all kinds of meats, vegetables, pies and cake. In fact I eat like a wolf and enjoy every mouthful, and never have the least trouble with my stomach. I sleep as good as I did when a boy and can do as much work as I ever could in my life. I used to lag behind the boys in the field, when I was able to work at all, but now they have to step some to keep up with me. I am not one bit constipated and haven't had one cramp in my stomach since Tanlac commenced to bring me out of the kinks. What I say is more than verified by my looks, but my neighbors will tell you the same thing. I will never get through praising Tanlac."

Tanlac is sold by leading druggists everywhere.

If your child is pale and sickly, picks at the nose, starts in the sleep and grinds the teeth while sleeping, it is a sure sign of worms. A remedy for these parasites will be found in WHITE'S CREAM VERMIFUGE. It not only clears out the worms, but it restores health and cheerfulness. Sold by W. H. Windrow.

THE EXPLANATION

Nature placed the growth-promoting "vitamins" in the oil of the cod-fish—this explains why

Scott's Emulsion

is so definite in its help to a child of any age. Latter-day science reveals that the "vitamins" are needful for normal growth.

Scott's Emulsion will help any child grow.

DON'T GIVE UP.

Discouraged Citizens Will Find Comfort in the Experience of a Hondo Woman.

Experience is the modern instructor. Profit by the experience of others. It may save your life.

The experience of friends and neighbors.

The testimony of Hondo people. Will bring renewed encouragement. Here is a case in point:

Mrs. X. Wantz, Hondo, says: "My kidneys were disordered for some time. A dull bearing down pain appeared in my back which greatly increased until I had to give up. I couldn't stoop over or straighten up again without severe pain. I saw Doan's Kidney Pills advertised and bought some at Martin's Drug Store. From the start Doan's did me good and I gladly recommend them to others." (Statement given May 29, 1915).

On May 3, 1919, Mrs. Wantz said: "I think just as much of Doan's Kidney Pills to-day as when I gave my former statement. I have had no occasion to use them since, for the cure they worked then has proven permanent."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wantz had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

Tricks of Watches.

Watches are tricky things in peace time, writes a correspondent, and war time seems to have made them trickier than ever.

The universality of the wrist watch has led to some queer discoveries. I know an officer, for instance, on whose wrist no watch will work properly; the same watches, transferred to another soldier's wrist, regain their composure and keep time.

In another instance the same watch will persistently gain on one man's wrist and as persistently lose on another's.—London Chronicle.

Died.

Mrs. Louise Biediger, nee Lieber, died at the home of her son and daughter-in-law, Judge and Mrs. Louis Biediger, of LaCoste on Sunday afternoon, Aug. 17, 1919, and was laid to rest at the St. Louis Catholic Cemetery here Monday evening. Rev. Father Heckmann performed the last sad rites. Deceased was born at Castroville December 20, 1849, consequently reached the age of 69 years, 7 months and 28 days. She was happily married to Mr. John Biediger May 20, 1867, here at Castroville. Her husband preceded her in death many years ago. This union was blessed with nine children, three sons and six daughters. Besides these, deceased is survived by forty-four grand children and one great grand child, also one brother, Mr. Joe Lieber of Sansom, Tex. A devout christian lady, a dutiful wife, a loving mother, a kind and accommodating neighbor has gone to her last reward, while those who survive, only remain to mourn her loss. A large cortege of mourning relatives and friends escorted the mortal remains to its last resting place. We join this entire community in sympathy with the bereaved and griefstricken ones. R. I. P.

An Old Fault Finder.

An irritable and fault finding disposition is often caused by indigestion. A man with good digestion and bowels that act regularly is usually good natured. When troubled with indigestion or constipation take Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. They also cause a gentle movement of the bowels.

375 American cavalrymen, who entered Mexico a week ago in pursuit of bandits who held aviators Peterson and Davis for ransom, returned to American soil Monday. Four bandits were killed by troops, another by a flyer, and nine are said to be captured by Carranza soldiers.

The Best Physic.

When you want a pleasant physic try Chamberlain's Tablets. They are easy to take and mild in effect. They are highly prized by people who have become acquainted with their good qualities. They cost only a quarter.

The missing aviators Lieuts. F. B. Waterhouse and C. H. Connolly, were found alive in Lower California by Mexican troops Tuesday in an almost inaccessible country.

Granulated Sore Eyes Cured.

"For twenty years I suffered from a bad case of granulated sore eyes," says Martin Boyd, of Henrietta, Ky. "In February, 1903, a gentleman asked me to try Chamberlain's Salve. I bought one box and used about two-thirds of it and my eyes have not given me any trouble since."

Railroad men demand higher wages or they will go on strike. President Wilson urges postponement of the settlement until normal economic conditions are restored.

Bishop Drossaerts Condemns Modern Dances.

Bishop Drossaerts of the San Antonio diocese recently sent letters to the priests of the different Catholic Churches of San Antonio to be read in the churches last Sunday. The Bishop expresses his grief that despite the distress in the wake of the world war society pleasure is mad as never before and the ball room now is anything but a school of morality and virtue. "Dancing," the letter says, "has from time immemorial held amongst all people a prominent place in their amusements, and if kept within reasonable bounds and limitations, if attended by proper safeguards and if indulged in with moderation, may be a legitimate form of recreation. Our young people must meet and get acquainted and amuse themselves. Unless hopelessly imbued with rigorous and puritanical ideas, no one will disapprove of this."

"What are the dances of our present time? It is a far cry from the stately minuet and the elegant square dances of the generations preceding ours to the 'steps' that are in vogue in the ball-rooms of our present day.

While the Bishop is not against dancing as it was enjoyed in former days, he condemns our latest styles as being brutally indecent.

A Great Remedy.

The merits of Chamberlain's Colic and Diarrhoea Remedy are well known and appreciated, but there is occasionally a man who had no acquaintance with them and should read the following by F. H. Dear, a hotel man at Dupuyer, Mont. "Four years ago I used Chamberlain's Colic and Diarrhoea Remedy with such wonderful results that I have since recommended it to my friends."

Archduke Joseph has resigned as head of the new Hungarian government, after the peace council in Paris refused to recognize his government.

What Is Best For Indigestion?

Mr. A. Robinson of Drumquinn, Ontario, has been troubled for years with indigestion, and recommends Chamberlain's Tablets as "the best medicine I ever used." If troubled with indigestion or constipation give them a trial. They are certain to prove beneficial. They are easy to take and pleasant in effect. Price 25 cents.

A Traveling Man's Experience.

You may learn something from the following by W. H. Ireland, a traveling salesman of Louisville, Ky. "In the summer of 1888 I had a severe attack of cholera morbus. I gave the hotel porter fifty cents and told him to buy me a bottle of Chamberlain's Colic and Diarrhoea Remedy and to take no substitute. I took a double dose of it according to the directions and went to sleep. At five o'clock the next morning I was called by my order and took a train for my next stopping place, a well man."

LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off.

When Freezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

GIRLS! LEMON JUICE IS A SKIN WHITENER

How to make a creamy beauty lotion for a few cents.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands.

CASE KEROSENE TRACTORS Why You Will Prefer This Case 15-27

THE view and description of the chassis of the Case 15-27 Kerosene Tractor afford convincing proof that one should study design and materials before deciding which tractor to buy. Checking over and comparing the several tractors you are considering will give you a satisfactory, money-saving purchase. What we offer on this page is a very brief outline. Complete specifications, illustrations and description are contained in our catalog of Case Kerosene Tractors, which will be sent gladly on request. Every prospective owner of a tractor should have a copy.

This Case 15-27 is conservatively rated. While rated at 15 horsepower on the drawbar it can deliver more than 18. While rated at 27 horsepower on the belt, it can deliver 30. Thus we establish a reserve for emergencies. This tractor pulls four plows in hard plowing or five plows under favorable conditions. With reasonable good footing, this tractor delivers a pull of 3,000 pounds at the drawbar. Its reserve power makes it possible to deliver 3,000 pounds pull, or over. Compare this reserve with others of similar rating. At belt work this tractor will drive a Case 28x46 Thresher with wind-stacker and feeder, or other machinery requiring similar power. Its 4-cylinder valve-in-head motor, governor controlled, delivers a steady flow of power. Uniform speed is absolutely necessary for successful threshing and

“FAKE” ASPIRIN WAS TALCUM

Therefore Insist Upon Genuine “Bayer Tablets of Aspirin”

Millions of fraudulent Aspirin Tablets were sold by a Brooklyn manufacturer which later proved to be composed mainly of Talcum Powder. “Bayer Tablets of Aspirin” the true, genuine, American made and American owned Tablets are marked with the safety “Bayer Cross.”

Ask for and then insist upon “Bayer Tablets of Aspirin” and always buy them in the original Bayer package which contains proper directions and dosage.
Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

At the recent called session of the 36th Legislature provisions were made for an additional Sanitary Engineer in the State Board of Health. This Engineer will devote the greater part of his time to field work, and will make it possible for the Health Department to respond to requests for Sanitary Engineering advice and visits more promptly than ever before.

Although he will not be permitted to do any designing work, he will counsel with city officials and give technical advice on water, sewage, and garbage plants, mosquito control, sanitary ordinances, etc. There will be no charges for his services, but towns availing themselves of said service will be asked to pay his traveling expenses. The extension of this field work will not affect the work that the Bureau of Sanitary Engineering has been doing for the cities of the State, but will make it possible for the Bureau to give service to the many towns that can not send out of the State for expert advice and that heretofore have been unable to have such sanitary service.

This Field Engineer will be at the disposal of the people after September 1st, 1919.

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

History of the 90th Division.
Headquarters of the 90th Division have been opened in the Southwestern Life Building, Dallas, Texas. The work of the association will be, primarily, the publication and distribution of the 90th Division history and making plans for the reunion of the 90th Division men which is to be held at the State Fair in Dallas, this fall. The date set for the reunion is October 11. It is planned to keep on record at headquarters, a complete record of all men who served with the division either in the states or overseas. Anyone having served with the division is eligible for membership. The membership fee is \$1.00.

The contract for the printing of the history has been let and the histories should be ready for delivery about November 1. Twenty thousand copies will be printed in the first edition; over sixteen thousand of which have already been subscribed for. If necessary, a second edition will be published. It is expected that the demand for the book will be very great since the 90th Division was conspicuous for its service in France and in Germany with the Army of Occupation.

Indications are that the history will be bought by a large number of people not members of the division but having a particular interest in the division, its deeds and performances during the war.

The price of the history is \$1.50 per copy and payable in advance to Arthur J. Reinhart, Secretary of the 90th Division, Southwestern Life Building, Dallas, Texas. Subscriptions should be mailed at once.

Elaborate plans are being made for the reunion which is to be held this fall and it is hoped that the reunion may be made one of the biggest events of the State Fair. Remember—October 11 is 90th Division Day. Every member is urgently requested to be present and make himself known. It is to be a real get-together meeting, and will be held in the coliseum at the State Fair grounds.

You Do More Work.
You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.
